<b>Summary:</b>	This circular outlines the criteria used for the selection of the boat crews to take part in the Interbranch Championships to be held on January 19 <sup>th</sup> , 2020 at Queenscliff Beach
<b>Action Required:</b>	All interested members are to be aware of the outline criteria

### PURPOSE OF CRITERIA

The purpose of this criteria is to provide a fair and transparent mechanism for selecting crews to represent Surf Life Saving Sydney Northern Beaches (SLSSNB) at the 2020 Interbranch Championships, to be held at Queenscliff Beach on January 19<sup>th</sup>, 2020.

### GENERAL SELECTION CRITERIA

To be selected in the Surf Life Saving Sydney Northern Beaches Interbranch team, 2019 results from the Bilgola carnival up to and including North Cronulla Carnival (including the Ocean Thunder Series) will be considered as well as overall performance.

Crews' performances will be monitored from all carnivals, by the SLSSNB Competition Panel.

Selection of crews will be based on overall performance and not position of points on local table.

All selected crews will be asked to commit to one team meeting prior to carnival.

All crews will be available for competition (with no substitutes) on January 19<sup>th</sup>, 2020 at Queenscliff Beach.

Please note that there will be a nominated levy for all crews. Each participant will receive a team uniform.

### SELECTION PROCESS

The Selectors have total discretion in selecting the representative crews and may have regard to any one or more of the selection criteria referred to above.

A majority decision of the Selectors is required, and their decision shall be final. If a decision is split the Director of Surf Sports will cast the deciding vote.

Reasons will not be provided for any selection or other decision of the Selectors. Reasons for selection/non selection will not be provided to third parties other than competitors.

In the event of illness, injury or extenuating circumstances, after consultation with the Selection Committee, the Team Manager and his Assistant Selectors may select a replacement in a specific event.

Subject to constraints, crews chosen by the selectors will be notified as soon as reasonably practical.
