

Expressions of Interest Board & Iron Person Coach

We pride ourselves on
being a club 'Where
everybody is a
somebody'.

We are seeking Expressions of Interest from a passionate & energetic Coach to help us shape the future of our water program & inspire our next generation of surf sports athletes.

We are a proud community focused club entering an exciting period of change. With our eyes firmly on the horizon, we are building a new era of athlete development & evolving our surf sports program.

What's the gig?

You will be designing & delivering board & iron sessions for a motivated & talented group of youth & senior athletes. We are flexible on how many sessions you want to run per week & how you want to schedule them – its about quality & consistency. Our team will work with you to make sure you have the resources you need to make an impact.

**Nippers State
Champion Club**

**National Surf Life Saving
Champion Youth Club**

What we are looking for?

While experience coaching surf sports would be preferred (bonus points for medals or salty stories to share) we are after someone with a passion for athlete development, the ability to communicate with athletes across different levels & a collaborator keen to work with our coaching team to build a vibrant, inclusive performance culture.

Why join NCC?

We have recently created a supportive, forward thinking coaching committee to ensure we "share the load", learn from each other's expertise & integrate practices from elite sport to strengthen our surf sports program, supporting long term athlete development & performance. We are about to release our performance strategy for the 2025/26 season & building our athlete development framework to ensure we have everything in place before the new season starts. The Club is very supportive of our coaches completing the SLSC caching accreditations & other development opportunities.

Whether you're a seasoned surf sports coach looking for a new challenge (board & iron guru) or an up and comer ready to take the next step, this is your chance to jump on the board & help us ride the next big wave of success
